

# reimagine CLEAN

Safe Environment. Healthy People.

**NVISION**<sup>®</sup>  
A division of North American Corporation

## Promote Social Distancing and Healthy Hygiene.

Clean isn't just about cleaning. It's about instilling a state of mind. Nothing could be more important than helping people operate safely in your environment—and just as important, helping them feel safe will allow people to reengage socially and economically.

NVISION is here to help. We can design and deliver educational signage, social distancing floor graphics, window clings, acrylic barriers and more—all the physical elements needed to create a safe environment. Now is the time to **reimagine clean!**
